

REWIRING HEALTHCARE: FOUNDATION TO FUTURE

Healthcare doesn't need a fresh start—it needs a thoughtful rewire. The Rewiring Healthcare: Foundation to Future conference brings together senior leaders to step back from daily fires, look honestly at what is and isn't working, and leave with a practical blueprint to improve performance, experience, and well-being across their organization.

Who Should Attend This Conference:

- CEOs, COOs, CNOs, CMOs, and CXOs
- Presidents and executive VPs of hospitals and service lines
- Chief people/HR officers, senior HR leaders, and nurse leaders
- System and regional leaders responsible for quality, experience, and operations

What You'll Walk Away With:

In two focused days, you will leave with:

- A clear picture of what to keep, fix, and retire in your current structures, processes, and leadership practices
- A practical, organization-specific 90-day action plan to strengthen culture, operations, and experience
- Tools to reduce friction and burnout for caregivers while improving reliability and results
- A road map for aligning technology with redesigned workflows—so tech supports people, not the other way around
- Real-world examples and playbook ideas from organizations that are successfully “rewiring” today

April 28-29, 2026
Atlanta Marriott Gateway
Atlanta, GA
